## Partnership on Transparency in the Paris Agreement

- The Partnership on Transparency in the Paris Agreement (PATPA, former International Partnership on Mitigation & MRV) was launched at the Petersberg Climate Dialogue in May 2010 by South Africa, Republic of Korea and Germany
- The Partnership aims at encouraging all countries to step up for **enhanced transparency** in order to achieve the global goal of keeping temperature increase well below 2° Celsius, and pursuing efforts to limit it to 1.5°Celsius.

### Partnership formats include:

**Partnership Meetings** held in the margins of UN climate negotiations;

Capacity building activities and peer-to-peer learning through technical workshops in **5 regional and language groups**, and through international conferences
