Eligibility

In line with the Paris Agreement and its decision, all developing country Parties will have access to CBIT, upon request

National Level Support

Activities to strengthen national institutions for transparency-related activities in line with national priorities:

- ✓ Support to national institutions to lead, plan, coordinate, implement, monitor, and evaluate policies, strategies, and programs to enhance transparency;
- ✓ Support on how to integrate knowledge from transparency initiatives into national policy and decision-making; and
- ✓ Assistance with deployment and enhancement of information and knowledge management structure to meet Article 13 needs.

National Level Support

Activities to provide relevant tools, training, and assistance for meeting the provisions stipulated in Article 13:

- ✓ Access to tools, templates, and applications to facilitate the use of improved methodologies, guidelines, datasets, and database system tools and economic models;
- ✓ Country-specific training and peer exchange programs on transparency activities such as establishing domestic MRV systems, tracking NDCs, enhancement of GHG inventories and economic and emissions projections;
- ✓ Country-specific emissions factors and activity data;
- ✓ Quantifying and reporting impact of policy measures;
- ✓ Clarifying key NDC information, e.g. baseline projections including for business-as-usual targets, and reporting progress towards achieving NDCs;
- ✓ Quantifying and reporting on support provided and received.

National Level Support

Activities to assist with improvement of transparency over time:

- ✓ Capacity needs assessment for transparency, in particular to assess institutional arrangement for data collection, analysis, and reporting; and
- ✓ Support to introduce and maintain progress tracking tools for transparency-related actions and progress towards targets/goals.
