Partnership on Transparency in the Paris Agreement

Introduction of PATPA and
the Annual Partnership Retreat

APR 2017

Kirsten Orschulok, BMUB

The History

- The **Partnership on Transparency in the Paris Agreement (PATPA)**, former International Partnership on Mitigation & MRV) was **launched in May 2010** at the Petersberg Climate Dialogue by **South Africa, Republic of Korea and Germany**

Milestones of the Partnership

The Goal

- The Partnership aims at encouraging all countries to step up for **enhanced transparency** in order to achieve the global goal of keeping temperature increase well below 2° Celsius, and pursuing efforts to limit it to 1.5° Celsius.
- The Partnership seeks to
 - foster **transparency, communication, networking and trust** between countries;
 - provide **capacity building** and promote a **mutual learning** process within regions and among practitioners on a global scale
 - identify and disseminate **good practices examples** and **lessons learnt**

The Goal 2/2

- Partnership formats include:
 - **Partnership Meetings** held in the margins of UN climate negotiations;
 - Capacity building activities and peer-to-peer learning through technical workshops in **5 regional and language groups**, and through international conferences
 - **Knowledge sharing and knowledge products**, e.g. through newsletters and a website: www.transparency-partnership.net
