

Partnership on Transparency in the Paris Agreement

Introduction of the Partnership and
the Annual Partnership Retreat 2018

Rocio Lichte, BMU

Sandra Motshawendi, DEA

The Partnership

- Launched 2010 at the Petersberg Climate Dialogue by **South Africa, Republic of Korea** and **Germany**
- Semi-formal forum for **political dialogue and peer-exchange**
- More than 120 countries have participated in its various activities; **open to all countries** interested in ambitious climate action
- **Goal:** encourage all countries to step up for **enhanced transparency** in order to achieve the global goal of keeping temperature increase well below 2° Celsius, and pursuing efforts to limit it to 1.5°Celsius.

The History

Partnership formats

- **Partnership Meetings** held in the margins of UN climate negotiations
- Policy dialogue during **Annual Partnership Retreats**
- Capacity building and peer-learning through technical workshops in **5 regional and language groups**, and international conferences
- **Knowledge sharing** through the website (www.transparency-partnership.net), the newsletter, Twitter (@TrackingClimate) and webinars
- **Knowledge products** such as discussion papers, case studies (Good Practice Database) and digital tools

Regional and language groups

Asia-Pacific

Anglophone Africa

Latin America & the Caribbean

Cluster Francophone

Núcleo Lusófono

Annual Partnership Retreats

- Key format for **supporting negotiations** and linking them to national implementation experiences
- Objectives:
 - Provide a **space for discussing** some of the most pressing issues in the negotiations
 - **Gather inputs** from experts in the field
 - **Learn from one another** in a trusting and collaborative spirit
- Target group: **negotiators** and **practitioners** from **government institutions** worldwide

Evolution of topics of the APR

- 2012: MRV - today, tomorrow and the future
- 2013: Tracking Progress and MRV for Greenhouse Gas Emission Reductions
- 2014: Intended Nationally Determined Contributions: preparation and implementation
- 2015: Transparency and Implementation – Future Proof Rules for Climate Policy
- 2016: From MRV to an enhanced transparency framework in the context of NDC implementation
- 2017: The Enhanced Transparency Framework, Ambition and National Implementation
- 2018: Enhanced transparency - Learning from implementation, facilitating negotiations
