

Partnership on Transparency in the Paris Agreement

Workshop of the Anglophone Cluster 2018

Kirstin Hücking, GIZ

Sandra Boitumelo Motshwanedi, South Africa

The History

- The **Partnership on Transparency in the Paris Agreement** (formerly: International Partnership on Mitigation & MRV) was **launched in May 2010** at the Petersberg Climate Dialogue by **South Africa, Republic of Korea and Germany**

The Goal

- The Partnership aims at promoting ambitious climate action through practical exchange on **enhanced transparency** and, by this, contributing to achieving the global temperature goal
- The Partnership seeks to
 - foster **transparency, communication, networking** and **trust** between countries;
 - provide **capacity building** and promote a **mutual learning** process within regions and among practitioners on a global scale
 - identify and disseminate **good practices examples** and **lessons learnt**

Milestones of the Partnership

Partnership formats

- **Partnership Meetings** held in the margins of UN climate negotiations
- **Annual Partnership Retreats** to discuss some of the most pressing issues of the negotiations
- Capacity building activities and peer-to-peer learning through technical workshops in **5 regional and language groups**, and through international conferences
- **Knowledge sharing and knowledge products**, e.g. through newsletters, Twitter and a website: www.transparency-partnership.net

Regional and language groups

- Anglophone African Cluster
 - Cluster Francophone
 - Asia-Pacific Regional Group
 - Grupo Regional de América Latina y el Caribe
 - Núcleo Lusófono
-
- Regional workshops
 - Information e-mails
 - Webinars and other online formats

Anglophone African Regional Group

- 6 regional workshops on Measurement, Reporting and Verification (MRV), Biennial Update Reports (BURs), INDC preparation, financing mitigation actions, Nationally Appropriate Mitigation Actions (NAMAs) etc.

Anglophone African Regional Group

- I. Tracking Mitigation Actions in Africa (South Africa, 2013)
- II. Peer-to-peer exchange on Biennial Update Reports (BURs) (Germany, 2014)
- III. MRV Workshop (Uganda, 2014)
- IV. MRV Workshop (Namibia 2015)
- V. Training Workshop on Intended Nationally Determined Contributions (INDCs) (Uganda, 2015)
- VI. Converting INDCs into action: the role of NAMAs in INDC implementation (Ethiopia, 2016)
- VII. Finance Ready Mitigation Actions: Building blocks for NDC Achievement (Ghana, 2017)

Knowledge Hub

- Website **www.transparency-partnership.net**
 - Documents and Tools section on transparency, MRV, NDCs, NAMAs, LEDS: tools, guidebooks, policy papers, case studies, workshop documentations, webinar recordings etc.
 - Good Practice Database with > 80 good practice cases for climate policy and climate action
- Newsletter (www.transparency-partnership.net/subscribe)
- Twitter @TrackingClimate

Climate transparency builds trust, promotes ambitious climate action and so helps achieve the long term temperature goal of the Paris Agreement.
