

Training

'Evaluation and MRV of Energy Savings and Efficiency Programmes and Measures and related GHG emission reductions'

Amsterdam, the Netherlands, 6 June 2015

Science Centre NEMO, Oosterdok 2

Overview of the Agenda

Day	Topic
Monday, 6	Training
Tuesday, 7	IEPPEC Conference http://www.ieppec.org/wp-content/uploads/2016/04/AgendaForWebsite_042016.pdf
Wednesday, 9	
Thursday, 10 morning	

Agenda

Facilitator: Klaus Wenzel, GIZ

Monday, 6 June 2016		
Introduction and background		
9:00 - 9:15	Registration	
9:15 - 9:30	Welcome and introduction of participants	Klaus Wenzel, GIZ
Morning session: Ex-post evaluation, energy savings calculations and baseline setting for specific measures		
9:30 - 10:40	<ol style="list-style-type: none"> Steps for evaluating energy efficiency programs and related GHG emissions (based on the IEA DSM ex-post evaluation guidebook and harmonised energy savings calculations) Baseline options and consequences for estimated energy savings and GHG emission reductions 	Harry Vreuls, RVO.nl
10:40 - 11:05	Coffee break	
11:05 - 11:35	Evaluation and Baseline setting of Promoting Appliance Energy Efficiency and Transformation of the Refrigerating Appliances Market in Ghana	Frank Klinckenberg, Klinckenberg Consultants

Monday, 6 June 2016		
11:35 - 12:30	<p>Case studies: Country presentations and Peer-to-peer counseling</p> <ul style="list-style-type: none"> A) Chile: Mitigation Initiatives - Energy Efficiency and Reporting Instruments in Chile B) Uruguay's National Energy Efficiency Plan: Energy savings goal and instruments – MRV in place and challenges C) MRV of mitigation actions in cement sector in Viet Nam: experience from energy auditing and NAMA developing 	<p>Álvaro Soto, Chile</p> <p>Adriana Torchelo, Uruguay</p> <p>Vuong Xuan Hoa, Viet Nam</p>
12:30	Lunch	
Afternoon session: Reporting Policies, Measures and actions for GHG emissions reductions related to energy use and the role of evaluation		
13:30 - 14:20	<p>Worldcafé: How to incorporate energy efficiency measures into reporting</p> <ul style="list-style-type: none"> A) Reporting system for energy efficiency measures in the BUR in Chile B) Reporting energy use related Policies and Measures in the Biennial Report (BR) and the role of evaluation, experience Netherlands C) Materials and Examples for incorporating mitigation actions in BUR from other countries 	<p>Rodrigo Cabrera Lira, Chile</p> <p>Harry Vreuls, RVO</p> <p>Lisa Herrmann, GIZ</p>
14.20- 15.00	<p>How to deal with data gaps and challenges in data collection for evaluation purposes</p> <p>Presentation and discussion</p>	<p>Frank Klinckenberg, Klinckenberg Consultants</p>
15:00 - 15:30	Coffee break	
15:30 - 16:30	<p>Tracking energy efficiency progress and related emission reductions: The role of indicators</p> <p>Presentation and exercise</p>	<p>Gianluca Tonolo, IEA</p>
16:30 - 16:45	Wrap-up: Discussion on evaluation topics presented and future needs	<p>Harry Vreuls</p>
16.45 - 17.00	Evaluation	<p>Klaus Wenzel</p>
17:00	Adjourn	
18:00	Reception IEPPEC	

The agenda of the IEPPEC Conference 7 – 9 June is available here: http://www.ieppecc.org/wp-content/uploads/2016/04/AgendaForWebsite_042016.pdf
