

A learning phase

Build capacity

Raise awareness and build a constituency

Gradually expand participation and scope over time

What's next?

- Upcoming publication (May 2015) (~100 pages)
 - www.wri.org and www.thepmr.org
 - Can inform all participants by email when it is released
- Developing an e-learning course – expected in the second half of 2015
 - Can inform all participants by email when it is released

Proposed activities

- We are interested in
 - Webinars and workshops – for a group of policymakers in one country or across countries
 - Supporting individual countries in developing GHG reporting programs (e.g., collaborate with individual countries to provide country specific recommendations for each design element)
- Seeking interested countries/networks/organizations in either of these activities to jointly develop fundraising proposals to potential funders

International Partnership
on Mitigation and MRV

WORLD
RESOURCES
INSTITUTE

Thank you for participating!

We will email presentations to all participants.
