National experiences: success stories and challenges

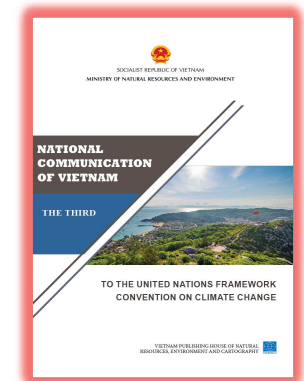

- Is a **learning-by-doing** process, led by MONRE, participated by Line Ministries, supported by various development partners
- **Lesson learnt and gaps** identified and analysed after submitting each report and *comprehensively reviewed by Information Matters project*
- **Involvement and ownership** of sectors are improving, of subnational level needs to be enhanced

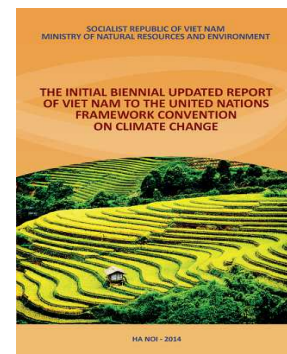

NC 1 (12/2003)

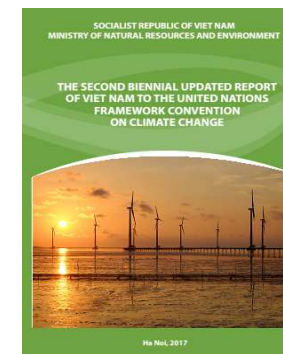

NC 2 (12/2010)

NC 3 (2/2019)

BUR 1 (12/2014)

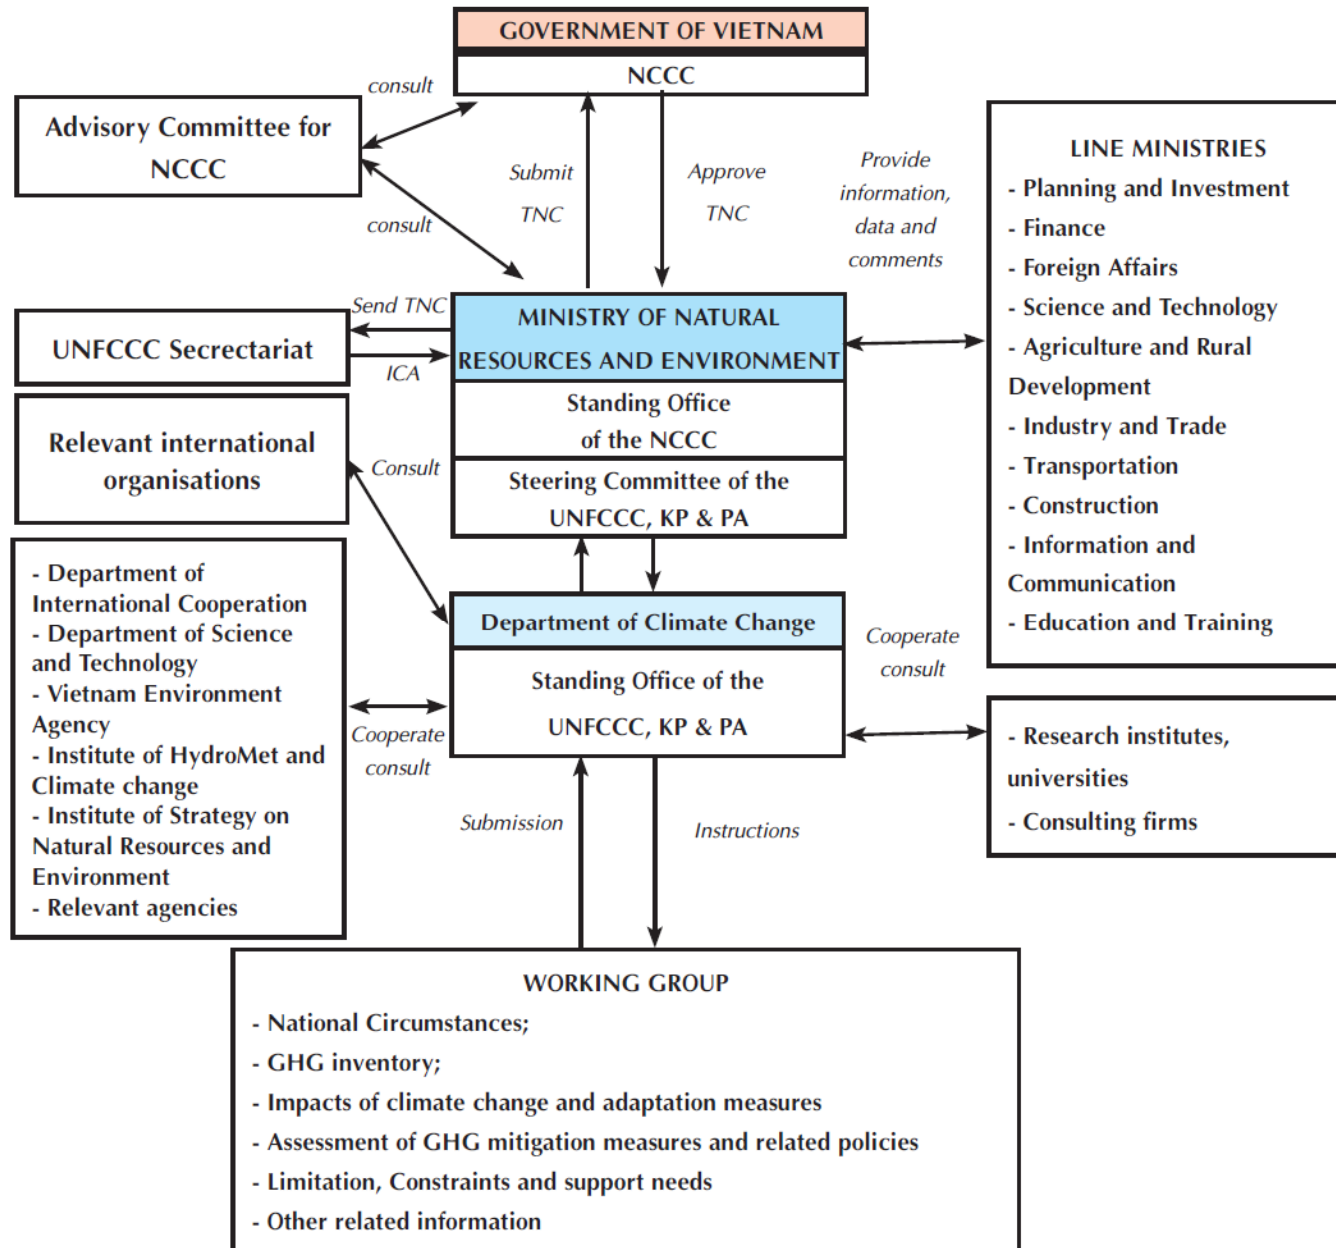

BUR 2 (11/2017)

BUR 3
(EXPECTED
12/2020)

Example of engagement in preparing the 3rd NC

Benefits of Reporting in Viet Nam

- **Raised awareness** on BUR, ICA process under UNFCCC and **aligned** international requirements with **national and sectorial priorities**
- Supported the identification of **own constrains and capacity building needs**
- Supported the **identification of key sectors for mitigation** action
- Enhanced **technical capacities** for reporting GHG inventories, on mitigation actions and on support needed and received
- Laid the **foundations for the improvement** of Viet Nam's key categories of the GHG inventory

Support needed to deal with ETF requirements

- **Legalize arrangements** for GHG inventory, BTR preparation and NDC-progress tracking
- Continue to **build capacity** and improve expertise for staff and experts involved in implementation (IPCC 2006, ICA...)
- Comprehensively **assess and monitor** the emission level by sources to ensure completeness and double check of the GHG inventory
- Improve time series and perform higher tiers for key categories
- Conduct GHG emissions projections
- Report transparently on NDC description and progress tracking on NDC
- **Verification at country/sectorial and facility levels/QA+QC**
