Training programme for technical experts participating in the technical expert review of biennial transparency reports

[English only]

A. General

1. The aim of the courses forming part of the training programme is to train technical experts participating in the technical expert review under the enhanced transparency framework under the Paris Agreement.
2. The courses incorporate the corresponding provisions in the MPGs relating to flexibility.

An abstract painting featuring vibrant, expressive brushstrokes in shades of blue, green, red, and black. The composition is dynamic and layered, with a central area of red and black that contrasts sharply with the surrounding blue and green. The overall effect is one of raw energy and emotional intensity.
